
Module 1: Remaking Yourself - Restructuring Yourself

1. Explain the concept of restructuring oneself. Why is self-improvement crucial for securing a bright future?
2. Discuss the six powerful thought-processes that aid in developing one's personality. Explain any two in detail with examples.
3. Elaborate on the four types of Quotients (IQ, PQ, EQ, SQ). How does developing these quotients contribute to holistic growth?
4. How can one effectively restructure their habits and mindset to achieve personal and professional success?
5. "Your thoughts shape your destiny." Elaborate on this statement with reference to the "Power of Thoughts" lecture.
6. Describe the difference between a "Fixed Mindset" and a "Growth Mindset." How does adopting a growth mindset help in restructuring oneself?
7. What is the role of self-awareness in personal development? How can a student become more self-aware of their strengths and weaknesses?

Module 2: Remaking Yourself - Power of Habit

1. Describe the mechanism of how habits work. What are the key components of a habit loop?
2. According to Tom Corley's research, what are the common habits found in successful professionals? How can applying them help you?
3. Explain the "Rule of 21" as discussed by Robin Sharma. How can you apply it to develop a new positive habit in your life?
4. Discuss practical techniques to break bad habits and cultivate good ones. Give a real-life example.
5. "We are what we repeatedly do." Explain this quote by Aristotle in the context of habit formation.
6. Discuss the impact of "Micro-habits" or small changes in daily routine on long-term success.
7. Analyze the relationship between discipline and habit. How does self-discipline help in maintaining good habits?

Module 3: Learning from Legends - Tendulkar & Tata

1. Analyze the inspirational life of Sachin Tendulkar. What key lesson about humility and dedication can a student learn from him?
2. Describe the incident involving Sachin Tendulkar and Amol Muzumdar. What does it teach us about helping competitors?

3. Discuss the leadership qualities of Ratan Tata. How did his vision for the Nano car reflect his concern for society?
4. "Success is not just about personal achievement but also about contribution." Justify this statement with examples from the lives of Tendulkar and Tata.
5. Compare and contrast the challenges faced by Sachin Tendulkar and Ratan Tata in their respective fields. How did they overcome them?
6. "Ethics in business is the foundation of long-term success." Discuss this with reference to the Tata Group's philosophy.
7. How did Sachin Tendulkar handle pressure and expectations throughout his career? What can students learn from his mental toughness?

Module 4: From House to Home - Listening & Understanding

1. Differentiate between "Hearing" and "Listening." Why is active listening essential for academic and professional progress?
2. Explain the concept of "Listening with our eyes, ears, mind, and heart." How does it improve communication?
3. Discuss the barriers to effective listening. How can one overcome them to become a better listener?
4. How does empathetic listening strengthen relationships within a family and among friends?
5. "Most people do not listen with the intent to understand; they listen with the intent to reply." Discuss this statement by Stephen Covey.
6. Explain the importance of non-verbal cues (body language, eye contact) in the process of listening and understanding.
7. Describe a scenario where poor listening led to a misunderstanding. How could active listening have prevented it?

Module 5: Facing Failures - Welcoming Challenges

1. Discuss the importance of a positive perspective when facing challenges. How can students revisit their approach to difficulties?
2. Analyze the life of Abraham Lincoln or Walt Disney with a focus on their failures. How did they turn setbacks into success?
3. "Challenges are opportunities in disguise." Elaborate on this statement with a suitable example from the life of Amitabh Bachchan.
4. What strategies can a student adopt to welcome challenges instead of fearing them?
5. Discuss the concept of "Resilience." Why is it considered a vital skill for success in the 21st century?
6. How does the "Fear of Failure" stop individuals from taking risks? Suggest ways to overcome this fear.

7. Narrate the story of Thomas Edison's invention of the light bulb. What does it teach us about persistence in the face of repeated failure?

Module 6: Facing Failures - Significance of Failures

1. Why is failure often a source of fear and depression for students? How can this mindset be changed?
2. Explain the concept of "Failing Forward." How can failure be a formative learning experience?
3. Discuss the factors that typically lead to failure. How can one analyze their mistakes to ensure future success?
4. Describe how resilience and persistence play a crucial role in overcoming failure.
5. "Success consists of going from failure to failure without loss of enthusiasm." Discuss Winston Churchill's quote with a real-life example.
6. How can analyzing past failures help in better decision-making for the future?
7. Discuss the role of a support system (family, friends, mentors) in helping an individual cope with failure.

Module 7: My India My Pride - Glorious Past (Part 1)

1. Discuss the advanced culture and civilization of Ancient India. What can modern students learn from it?
2. Enumerate the significant contributions of ancient Indian Rishis and scholars to the world in fields like mathematics and astronomy.
3. Why is it important to study India's glorious past? How does it help in developing passion and pride for the nation?
4. "Ancient India was a cradle of knowledge." Justify this statement with examples of its educational heritage.
5. Write a short note on the contributions of Aryabhatta or Bhaskaracharya to the field of Mathematics and Astronomy.
6. Discuss the sophistication of the Indus Valley Civilization's town planning and drainage systems.
7. How did ancient Indian philosophy influence the world's thought process?

Module 8: My India My Pride - Glorious Past (Part 2)

1. How can ancient Indian concepts be used to seek revolutionary ideas in the modern world?
2. Discuss the need to read, research, and write about India's glorious past. How can students contribute to sharing this knowledge?

3. Describe the unique features of ancient Indian universities like Takshashila and Nalanda.
4. Give evidence to prove that Ancient India was outstanding in the fields of medicine and surgery (Ayurveda/Sushruta).
5. Explain the significance of the "Guru-Shishya parampara" in ancient Indian education. Is it relevant today?
6. Discuss the contribution of Ancient India to the field of metallurgy (e.g., the Iron Pillar of Delhi).
7. "Yoga and Ayurveda are India's gifts to the world." Discuss their growing global relevance in modern times.

Module 9: Learning from Legends - A.P.J. Abdul Kalam

1. What are the five legendary qualities of Dr. A.P.J. Abdul Kalam discussed in the course? Explain any two.
2. "Dare to Dream" was a core message of Dr. Kalam. How can students apply this principle in their lives?
3. Discuss the importance of "Humility" and "Using talents for the benefit of others" as demonstrated by Dr. Kalam.
4. How did Dr. Kalam's life exemplify the value of "Getting Good Guidance"?
5. Describe Dr. Kalam's journey from a newspaper boy to the President of India. What does it teach about hard work?
6. Discuss Dr. Kalam's vision for "India 2020." What role did he envision for the youth of the nation?
7. How did Dr. Kalam handle failure during the SLV-3 launch? What lesson on leadership can be drawn from it?

Module 10: Soft Skills - Networking & Leadership

1. Explain the means of building a strong professional network. Why is networking crucial for career growth?
2. Discuss the attributes of a good leader. How can a student develop a leadership attitude?
3. "A leader knows the way, goes the way, and shows the way." Discuss the role of a leader in guiding a team.
4. Explain the concepts of "Circle of Concern" and "Circle of Influence" by Stephen Covey in the context of leadership.
5. Differentiate between a "Boss" and a "Leader." Which approach is more effective in the long run?
6. How can effective communication skills enhance one's ability to network and lead?
7. Discuss the importance of "Emotional Intelligence" (EQ) in leadership. How does it help in managing teams?

Module 11: Soft Skills - Project Management

1. Discuss the secrets of successful project management using the Akshardham case study.
2. You have to plan a "Youth Fest" at your college. Outline a step-by-step plan keeping principles of project management in mind.
3. What are the key stages of a project lifecycle? Briefly explain each stage.
4. Discuss the importance of team coordination and time management in executing a project successfully.
5. What is a "Gantt Chart"? How is it useful in scheduling and monitoring a project?
6. Explain the concept of "Risk Management" in project planning. How can one prepare for unforeseen challenges?
7. Discuss the role of a Project Manager as a problem solver and decision maker.

Module 12: Remaking Yourself - Handling Social Media

1. Discuss the negative effects of social media addiction on students' mental health and productivity.
2. What is "Digital Detox"? Suggest simple methods to take back control from social media addiction.
3. Analyze the impact of cyberbullying and the "Fear of Missing Out" (FOMO) on youth.
4. How can students ensure they use social media productively rather than letting it control them?
5. Discuss the concept of "Virtual vs. Real Life." How does social media create a distorted perception of reality?
6. What are the privacy risks associated with oversharing on social media platforms? How can one stay safe?
7. Explain the importance of "face-to-face communication" in an era dominated by digital interaction.

Module 13: Facing Failures - Power of Faith

1. Discuss the power and necessity of faith in our daily lives. How does it help in difficult times?
2. Narrate an incident where faith helped you or someone you know navigate through a crisis.
3. Explain the concept of "Shraddha" (Faith) as a driver for positivity and resilience.
4. How does faith in oneself and a higher power play a role in achieving difficult goals?
5. "Faith is taking the first step even when you don't see the whole staircase." Discuss this quote by Martin Luther King Jr.

6. Differentiate between "Blind Faith" and "Rational Faith." Why is informed faith important?
7. How does prayer or meditation act as a tool for mental strength and clarity during stressful situations?

Module 14: From House to Home - Bonding the Family

1. Discuss the importance of strong family relationships for an individual's well-being.
2. Analyze the reasons for the "generation gap" in modern families. How can students bridge this gap?
3. Suggest practical steps a student can take to connect more deeply with their parents and siblings.
4. "Family is the first school." Elaborate on how family values shape an individual's character.
5. Discuss the impact of "Quality Time" versus "Quantity Time" in building family bonds.
6. How can forgiveness and understanding resolve conflicts within a family?
7. Explain the concept of "Gratitude" towards parents. How does expressing gratitude improve family dynamics?

Module 15: Selfless Service - Seva

1. Explain the concept of "Seva" (Selfless Service). How is performing seva beneficial to one's own health and happiness?
2. Discuss the impact of community service on society. How does it inspire others?
3. What are the essential parameters or mindset one should maintain while performing Seva?
4. Describe a situation where helping others without expectation brought a positive change in your life.
5. "Service to man is service to God." Elaborate on this philosophy with examples.
6. How can engineering students use their technical skills for the betterment of society (Technical Seva)?
7. Discuss the role of empathy and compassion in motivating an individual to perform selfless service.
